Can I use Roseway Labs with a third party/paper prescription?

Ordering Medication from Roseway Labs

Most of our patients are already working with an integrated clinic, so there's no need to manage prescriptions independently.

However, if you've been issued a paper prescription by a third-party private clinic, you can still order your medication through Roseway Labs.

To begin:

- Simply log in or sign up to our Patient Portal <https://patient.roseway.com/>
- Create a quote and upload a clear photograph of your prescription

Our team will:

- Verify the prescription's validity
- Accurately price your medication
- Confirm that we can supply it

If you choose to proceed with the quote, we'll then need to receive the original prescription to fulfil your order.

Please post your original prescription—along with your contact details—to:

Roseway Labs

Zetland House

5-25 Scrutton Street

London

EC2A 4HJ

Once we've received your prescription, you'll be contacted by email with a secure payment link.

We kindly ask that you allow up to 5 working days for postal delivery. Our post arrives after lunch each day, so feel free to call and check on its status if you'd like peace of mind.
