## How long will it take to receive my order?

Tom Parks - 2025-02-05 - [Delivery](#)

After your order is confirmed, please allow from 0-2 working days for delivery of off the shelf medication and from 3-5 working days for compounded items that we need to manufacture in our labs.

Orders placed on a Friday will be shipped on Monday and orders placed on Saturday and Sunday will be shipped on Monday or Tuesday. For next-day delivery, orders must be placed by 12pm the day before.

Please see our article, [What delivery options do you provide?](#) for approximate shipping times.

If there is a stock issue, we will notify you and provide an approximate date for delivery, or where appropriate offer an alternative.

We have several delivery options, including same day courier at additional cost. Please email us at [info@rosewaylabs.com](mailto:info@rosewaylabs.com) to get a quote for a courier delivery.
